

This Winter, take a "snow"
Load off your mind...

**Save on your car insurance,
when you install 4 tires
with this symbol** 

The tires must be on your vehicle from November to April annually. With winter tires on your car, you'll find winter driving easier. The softer rubber compound in winter tires allows the tires to grip ice and snow better during acceleration and braking.

Stability. Security. Close to home.

Another reason to insure with
Westminster Mutual Insurance.
